

Introducing
Oticon Agil and **the energy
of understanding**

Oticon Agil is the first ever hearing solution designed to give you the energy of understanding

Based on the most advanced technical principles **Oticon Agil** is created with one thing in mind. This intelligent hearing solution supports your natural ability to organize sound and focus on what you want to hear.

Oticon Agil introduces new ground-breaking features designed to make

you feel confident about playing an active role in conversations, even in difficult listening situations.

You could call it the ability to participate to the full and enjoy a more active social life. We call it the energy of understanding.

Listening comfort
is significantly enhanced

The unique **Spatial Sound** concept helps you locate sounds and make sense of your surroundings, and supports you to choose what to listen to. In conversations, **Speech Guard** takes the hard work out of following and

understanding voices, and enables you to actively participate in the exchange of information.

The energy of understanding
is for everyone

Oticon Agil and **Oticon ConnectLine** offer you hassle free use of modern life devices like TV, mobile and landline phones, as well as a long list of other information and entertainment options, be it audio books, music players or sound from a PC.

Oticon Agil is a complete line of hearing instruments that invites you to enjoy unique benefits whatever your degree of hearing loss, from mild to severe.

Seven skin and hair colour tones and a wide variety of styles make sure all your personal style and comfort preferences are fulfilled, whether you prefer in-the-ear or behind-the-ear fitting.
