PEOPLE FIRST

## You are **MORE** Connected

With Vigo Connect you are more connected to everyone – and everyone is more connected to you. Whether you have mild or severe hearing loss, your world will sound surprisingly bright and clear again.

Vigo Connect makes speech stand out from background noise and gives you the most comfortable sound in any environment. So you can relax and enjoy the moment, wherever you go.

Based on the latest technology, Vigo Connect performs like no other hearing aid in its class. Little wonder, that it has become a favourite with people who won't let hearing loss shrink their world.

**Connecting  
with the world is  
everything**

So small and so  
discreet

You are  
**MORE** Confident 

Vigo Connect uniquely combines powerful performance with discreetness. It is so small, light and easy to use that you hardly notice you are wearing it.

Choose the colour and style you want. Whether you select a style that fits snugly inside your ear, or discreetly behind it, you will feel more confident when communicating and interacting with others.

## You are **MORE In Tune** ➤

A hearing loss can fill everyday life with challenges. A doorbell ringing, someone talking to you from another room, listening to music or following a film on TV.

Vigo Connect will help you enjoy everyday situations again. With superior speech enhancement and automatic reduction of unwanted noise, you can hear what people are saying, even with plenty of noise sources around you.

Vigo Connect gives you a pleasantly open hearing experience, the sounds you value become sensationally bright and clear, and life more colourful.

- **More clear sound**
- **More speech understanding**
- **More naturally open sound**

A life  
full of sound

Always part of the  
moment

## You are **MORE Free** ▶

Vigo Connect not only gives you sensational sound with superior speech understanding. It also does it automatically.

The unique DecisionMaker2 feature means that Vigo Connect adjusts automatically and smoothly to give you the best possible sound experience, as you move through changing sound environments. Leaving you free to focus on the world around you.

Your optimal settings are stored in Vigo Connect's memory, achieving an entirely personalised hearing aid. And if you do occasionally want to adjust the volume or change programmes, you simply push the button on one instrument and it will instantly adjust both instruments so that they are in tune with each other.

Music sounds  
so much better

You are  
**MORE** Secure 

Life is all around you and often moves at a frantic pace. Vigo ensures you are in harmony with your surroundings and part of the action. Even when it's fast and dynamic - or a moment so special or intense that it can't be recreated. Connecting with the world is everything.

You are  
**MORE Yourself** 

Don't allow hearing loss to become a barrier to the world or slow you down. Today, with the latest advanced premium technology, you have the chance to connect just as fully and naturally with the world as everyone else.

Vigo Connect gives you a life full of sound.

-  More sensational sound
-  More natural and intuitive to use
-  More control
-  More vital power
-  More discreetness and individual choice

 **MORE you**

**More value  
for money**

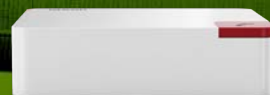

You are even  
**MORE**  
Connected 

Vigo Connect in combination with ConnectLine and Oticon Streamer lets you use your mobile or landline phone, TV, radio or mp3 with the same ease and clarity as everyone else.

Simply push a button and your Vigo Connect delivers clear nuanced sound from TV, Radio, PC, MP3 player and other devices directly to your ears. You can even hear your mobile or landline phone ring when you're watching TV.

Ask your local hearing centre how Vigo Connect, ConnectLine and Oticon Streamer can connect you even more closely to your world.

## People First

We believe that it takes more than technology and audiology to create the best hearing instruments. That's why we put the individual needs and wishes of people with hearing loss first in our development of new hearing care solutions.
